HANDMADE
IN GERMANY
SINCE 2004

"BREAK WITH THE OLD... MAKE ROOM FOR SOMETHING NEW."

That is our approach for the new GLOBECAR Elegance models. The world is changing, van life is still on the rise

We set new standards in terms of design, exclusivity, ambiance and functionality. Immerse yourself with us in the world of extravagant and comfortable travel - in the world with GLOBECAR.

Whether Elegance or Summit-Line, make your trips to the most beautiful places in Europe unforgettable, spontaneous and repeatable travel experiences - in your new GLOBECAR!

"Travel the world – Travel with Globecar."

Yours Sincerely

Robert Hein

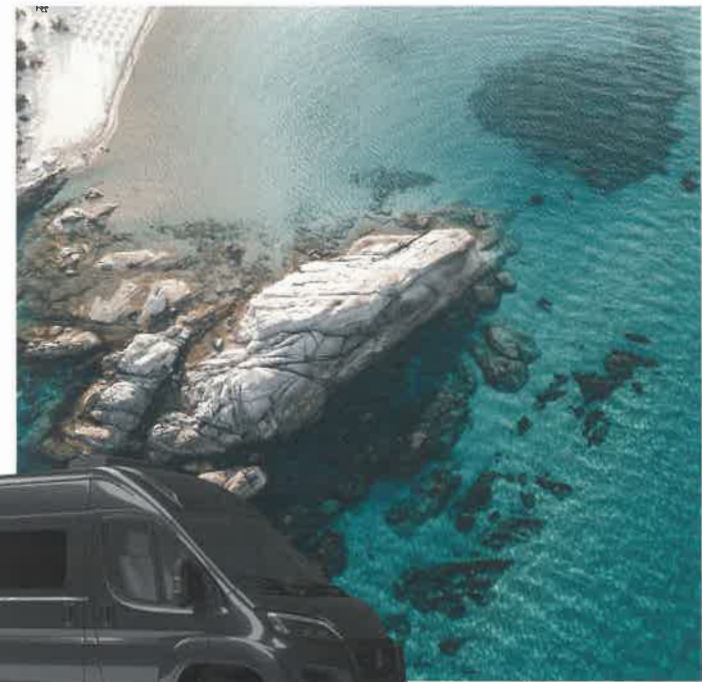

HEAD OF MARKETING

Elegance

CAN LIFE BE BETTER ON THE BEACH?

The GLOBECAR Elegance models set the standard when it comes to equipment. With their open living space concept, they offer headroom and freedom of movement previously only found in integrated motorhomes.

Summit *Shine* HIGHLIGHTS

FLEXIBLE STORAGE SOLUTION

Depending on your preference, the MultiRoof shelf (optional) can be easily folded down and provides more storage space above the driver's cab. If the shelf is not required, it can simply be folded up or removed completely.

HIGH-QUALITY LIGHT RAIL

The matching spotlights and USB sockets of the light rail in anthracite finish ensure a particularly modern design.

WALL CABINETS WITH AMPLE SPACE

The railing in the wall units provides additional security for large and heavy loads, while the optically continuous LED strips in the flaps provide even more light.

INNOVATIVE SEATING GROUP

Single seat including extension for hanging seat (optional) or space for up to five people thanks to the optional 2+1 bench seat.

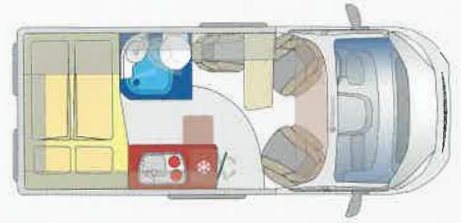

EASY MOVE TABLE (SUMMIT SHINE 540 AND 600L)

Thanks to the travel function, the table can be practically stowed away and creates more legroom.

SUMMIT SHINE 540

summit Shine

5.43 m

POSSL GROUP

Technical changes and errors reserved. Please note that some of the illustrations in this brochure contain decorations, alternative designs or special equipment that are not included in the scope of delivery or for which additional costs are incurred. All dimensions in millimeters unless otherwise indicated. Information on technology, water supply and prices can be found in the separate price list. Color deviations are possible due to the printing process. Prices include the currently applicable statutory VAT. Status 08/2022.

*In accordance with EC Directives 97 / 27 EC and EN 1645-2, the "mass in running order" includes the unladen weight of the vehicle - including driver (75 kg) and filled fuel tanks as well as the following basic equipment: water tank with reduced volume (20 l), a filled aluminum gas bottle (15 kg) and a cable drum (4 kg). The technically permissible total mass must not be exceeded by personal equipment, passengers and any special equipment. With the installation of special accessories, the load is reduced and the permitted number of people may be reduced.

The information on the scope of delivery, appearance, performance, dimensions and weights of the vehicles correspond to the knowledge available at the time of printing and the European homologation regulations. These can change up until the vehicle is purchased or delivered.

Deviations within the factory tolerances (+ / - 5% max.) are possible and permissible.
